CHINA. Hunan. Dollar, Year 11 (1922). NGC MS-66+. L&M-867; K-763; KM-Y-404; WS-0930. "Hunan Provincial Constitution". Struck to commemorate the Promulgation of the Constitution. Superbly preserved, possessing a full strike with satin luster and faint peripheral toning. VERY RARE and seldom encountered in this elite Gem condition. Truly exceptional and worthy of a world class collection.

In a time of presidents and warlords the people wanted to unite, but also to have autonomy in their own provinces. Zhao Hengxi, the governor of Hunan wanted to protect the province from civil war so he worked diligently to establish the Provincial Constitution and was finally successful on January 1, 1922. The constitution which contains 141 articles grouped under 13 chapters, states the difference between the central and local governments. Some of the weaker warlords were for these constitutions as it was used somewhat like a talisman in that no other provinces' armies could enter the province without permission. Several southern provinces followed suit and successfully drafted and instituted their own constitutions.

Pleasing Mint State Hupeh Tael

極受歡迎湖北雙龍壹兩

51147

CHINA. Hupeh. Tael, Year 30 (1904). PCGS MS-61 Gold Shield. L&M-180; K-933; KM-Y-128.2; WS-0878. Small characters variety. A boldly struck Dollar with good field luster and pervasive gray to almond toning throughout. Overall an attractive example of this popular type that is sure to generate a great deal of bidder interest.

Originally 648,000 Hupeh Taels were minted, this includes both large and small character types; however, it is unknown exactly how many of each were struck. The Hupeh Tael was introduced as part of a projected coinage reform based on the traditional Chinese weight standard, rather than the Dollar system. In the initial proposal to produce these coins, it was also suggested to produce smaller denominations in the values of 1, 2, and 5 Mace. However, no such pieces have surfaced (even in pattern form) and it is unlikely they were ever produced. The general populace found it complicated in converting two distinctly different coinage systems, especially when making change. A Hupeh Tael housed in the British museum supports this by showing evidence of cutting to make change. The British museum specimen is essentially mint state with a large pie shape section cut from the coin. The cut is in a similar manner to the "broken dollars" picture on pg. 121 figure 4.10 of Joe Cribb's reference Money in the Bank. This short lived series circulated for only a brief period and was soon after replaced by the unified Tai Ching Ti Kuo silver coinage. Although the Hupeh Tael coinage has a fairly large mintage, most were likely melted down to be made into later coinage. It is interesting to note that the Hupeh Taels were struck in 0.877 fine silver, as opposed to the 0.960 fine silver set forth by the currency regulations of 1905. Well struck and fully lustrous, overall an excellent example of an immensely popular type that is sure to draw a great deal of bidder interest.

光緒三十年湖北省造大清銀幣庫平壹兩。小字版。 鑄打深峻,版底光澤優良,通體大面積灰色及杏仁色包漿。廣受歡迎的版別,品相佳,是藏家的心頭之好。

湖北雙龍壹兩共製有648,000枚,包括大字版和小字版。每一版具體製作量不詳。當時的幣制改革擬棄用"圓"為單位,改用中國傳統重量單位製錢,湖北壹兩便應運而生。原本在製造雙龍一兩的同時,鑄幣局還要鑄五錢、二錢、一錢等輔幣,但是這些輔幣均未有流通幣流傳於世,甚至連樣幣都沒有,因此很有可能未曾鑄出。當時的百姓普遍認為兩种幣制在轉換時會引起困擾,在找錢時尤其如此。這一換算混亂情況的真實佐證是大英博物館館藏的一枚湖北一兩,它新如出廠,唯獨好似切餅般被切去了一角,與Joe Cribb著述Money in the Bank第121頁圖4.10所示的broken dollars有異曲同工之妙。湖北雙龍壹兩流通時間極短,之後被大清銀幣替代,儘管鑄打數量很多,但是之後多被回爐重鑄。值得注意的是,湖北壹兩成色是0.877,與1905年(光緒三十一年)制定的壹兩銀幣章程中所規定的含銀0.960不符。

Designed After the First Kiangnan Dollar Issue Presumed Unique in this Pattern Form

獨一無二首枚設計與發行版完全 一致江南壹圓樣幣

51191

CHINA. Kiangnan. Dragon Dollar Fantasy Gold Medal Pattern, 2019. LPM Mint (Hong Kong). PCGS SPECIMEN-69 Gold Shield. cf. L&M-210. 32 mm. Designed to replicate Kiangnan's first circulating Silver Dollar coin, albeit on a smaller planchet, this striking gold medal faithfully adheres to the original design, capturing the expressive features on the dragon, with coarse scaling that runs from his head all the way through his slender tail. Produced with a modern flair, it exhibits exceptionally frosted raised designs and mirror-like fields that display Proof-quality depth.

Limited to a mintage of 100 examples, the standard issue (the first part in a series of 8 that will highlight China's most popular vintage coins) was struck containing 1 ounce of .999 fine gold. This pattern or trial issue however, which displays an identical design, was struck on a 1/2 ounce planchet, with "2019 15.616g .999 Fine Gold" laser inscribed to the edge at 6 o'clock. Because of its extreme similar to the regular production issues, this medal was mistakenly placed in a regular shipment, where the discrepancy was then discovered. Upon contacting the mint, our consignor was informed that this was in fact shipped by mistake, and that it was the pattern for the issue, unique on its 1/2 ounce planchet. Our consignor offered return of the item, but ultimately a deal was made to acquire this unique emission. Given its ultimate rarity, this medal will undoubtedly excite fantasy collectors with the chance to own a one-of-kind item that nobody else can.

2019年LPM造幣廠(香港)。江南省造光緒元寶庫平七錢二分精製金樣幣。 32mm.此枚金章在體量較小的坯餅上完美複製了江南省首枚流通銀幣,龍圖與原版幾乎分毫不差,精緻龍鱗由頭至尾均勻排布。霜化圖文高鑄,鏡面底板,品相直逼精製幣,展現了今時今日高超的鑄造工藝。

該系列金章共8枚,參照中國歷史上最著名的8枚機製幣而製。此款江南是系列中的早期出品,限量發行100枚,標準發行版應含1盎司.999金。而這裡呈現的樣章雖然設計與發行版完全一致,卻以1/2盎司坯餅鑄造,在幣緣六點鐘位置以激光雕有"2019 15.616g .999 Fine Gold"字樣。由於樣章與標準發行章幾乎雷同,本拍品混入了發行章的運輸包裹中。委託人收貨後發覺異常,便與造幣廠聯絡,方獲告知此枚為樣章,在運輸中出現了差錯。委託人本想退貨,但後來與造幣廠達成一致,將錯就錯地購入了此枚樣章。罕見佳品,獨一無二,機會難得。

VERY RARE, this Specimen represents the early production of the "Dragon Dollar" in the form in which is most commonly associated with collectors, that with the English-language legends on the Dragon side and an entirely Chinese-language side with the Imperial titles and regnal date. The present offering presents extremely well in hand, with superbly-detailed devices set upon reflective fields beset by a smattering of light chatter. Bright silver surfaces carry from the centers all the way out to the peripheries where a faint golden tone has just begun to take hold.

Three blades of grass variety. **VERY RARE** in this state of preservation, with only one graded finer at PCGS. A boldly struck and softly lustrous dollar with even gray toning, near the peak of quality for the type and very desirable as such.

Zhou Xicheng was the provincial warlord governor of Kweichow from July of 1927 through April of 1929. Although his time in office was short, Xicheng focused heavily on education and modernizing of the province through public works. This fascinating issue was minted to commemorate the completion of the Kweichow (Guizhou) provincial highway and reportedly features Governor Zhou Xicheng's personal automobile.

Attractive Manchurian Half Dollar in Mint State

CHINA. Manchurian Provinces. 3 Mace 6 Candareens (50 Cents), Year 33 (1907). PCGS MS-62 Gold Shield. L&M-488; K-256; KM-Y-211; Sun-I-6-15; WS-0547. A SCARCE type in this state of preservation. A lovely well preserved survivor exhibiting a strong strike clearly defining each of the dragons scales and other design features accentuated by attractive multicolor patina in the peripheries and central devices of the obverse, while the reverse displays more of a mottled smokey grey patina throughout. Overall a handsome piece with good eye appeal worthy of a premium bid.

The silver issues of the "Manchurian Provinces" are something of a special matter. At this time, the provinces of Fengtien, Kirin and Heilungkiang were incorporated, hence the "Manchurian Provinces". As a result, the related coinage became somewhat unified for this region. The last silver issues of Kirin were produced in small quantities in 1908 and 1909, at which point production was superseded by the Manchurian Provinces issue. This eliminated much of the inconsistencies and problems associated with issues from the Kirin mint. For obvious reasons, coinage with the Fengtien inscription ceased, as this mint became in charge of striking the current coinage. Coins of Heilungkiang fall into a different set of circumstances. The only known issues for Heilungkiang are patterns in base metal produced in Germany. Most references suggest the minting of these pieces as the late 1800's; however, it is more likely the Heilungkiang patterns were produced in the early 1900's. The project never came to fruition once the mint at Mukden went into full production of "Manchurian Provinces" coinage.

三十三年東三省造光緒元寶三錢六分銀幣。天津造幣廠。日期珍罕,此品相**極爲稀少**。保存狀態良好,鑄打清晰。龍鱗片片可見,正面邊緣及中央的混彩包漿更能突出設計,而反面更多斑駁的烟灰色包漿。整體品相上乘,值得收藏。銀製版的"東三省"版極爲特別。1907年清政府將奉天、吉林、黑龍江改為行省,並將奉天、吉林兩局合併,所造銀幣統一為"東三省道"。最後的"吉林"版僅在1908年及1909年少量生產,後來為"東三省"版所取替。此舉消除了"吉林"版的不一致及問題。鑄"奉天"銘文的錢幣亦停止生產,因其幣厰轉爲鑄造此"東三省"版別。"黑龍江"版則不一樣。僅知的"黑龍江"版樣由德國鑄造。大部分記載推測此批錢幣為19世紀末所製,但"黑龍江"版更大機會是20世紀初所設計。奉天造幣厰及後只鑄造"東三省。錢幣。

Fantastic "Old Man" Dollar

夢幻的台灣老公銀餅

51437

CHINA. Taiwan. "Old Man" Dollar, ND (1838-50). NGC AU-50. 26.8 gms. L&M-319; K-1; CH-25-3. A RARE and historical type, being the first struck silver crown in China. The one offered here is a beautiful example, with only the two normal punched security marks on the reverse and a pristine obverse, all with deep gray toning throughout and a silky sheen. A highly desirable type and especially sought after in this state of preservation. Wholly original destine to catch the eye of the discerning collector.

Initially designed as a form of military payment, the Taiwan Dollar quickly gained the approval of the people and grew in popularity. This was primarily due to its high silver content, approximately 98% fine. At this time, the Spanish 8 Reales were the most widely accepted coin being 0.903, just over 90% fine. The obverse depicts the god of longevity with character that signify "Seven Two by the Treasury Scales". This represents the first depiction of what later became the standard "7 Mace 2 Candareens". Two small rectangular stamps on the reverse represent makers or security marks.

這種台灣老公銀餅原為軍餉之用,很快獲得公眾認可。主因是其含銀量高,達98%。其時最通行的西班牙本洋成色是0.903,剛超過 90%。老公銀餅正面是一位壽星及"庫平柒弍"字樣,後來"七錢二分"銀圓的標準形式正是由此演變而來。背面兩個長方形小戳印代表製作者或是保險戳。

Plain edge variety; SCARCE one year type. A beautiful survivor with lovely rich old cabinet patina, the obverse displays a plethora of hues from a dirty sunset orange in the outer peripheries that seamlessly transitions to a morning sunlight yellow then to cobalt in the central fields with just a hint of sea-foam green mixed in, while the tops of the devices remain light grey in color. The reverse exhibits a deeper patina amongst the devices from an attractive slate to russet with the tops of the design features and central fields a medium grey tone. An incredible example possessing fantastic eye appeal and though not the finest known its destine to wind up in a fine cabinet.

Interesting One Year Sub-Type

CHINA. Tibet. 5 Sho, BE 15-52 (1918). Dode Mint. PCGS AU-55 Gold Shield. KM-Y-18.2; cf.L&M-656A; WS-0300 (same dies); Chinese Tibetan Coins-1-201 (same dies). Variety with sun above snow lion formed with 7 pellets instead of a single pellet, star or swirl. An interesting ONE YEAR sub-type with a different sun formation then normally found an any other date or denomination from this series. Exhibiting a bold strike with subdued luster in the protected areas and nice original surfaces displaying a light champagne hue in the centrals devices which transitions to tan tone at the outer solid boarder, terminating with russet patina from the outer pellets to the rim, while the reverse presents a more even and smoother tan color; all with minor scattered earthen deposits that add to its originality. A lovely example with a great look destine for an advanced collection of Tibetan.

When cataloged by Nichols Rhodes in the sale of the Dr. Karl Gabrish Collection, he described it as "VERY RARE", when thinking of these words much consideration should be taken. This always in demand and sought after type seldom appears on the market, considered a real treat its sure to catch the eye of the discerning collector.

CHINA. Zhou Dynasty, ca. 1046-256 B.C. Warring States Period, ca. 475-221 B.C. State of Qi. Five Character Knife Money, ND (ca. 400-220 B.C.). VERY FINE. 47.97 gms. Hartill-4.2i; Jen-964; FD-354. VERY RARE. Obverse: "Ji Mo Zhi Fa Hua" (Jimo's legal money); Reverse: "Bu". Areas of thick encrustation somewhat obscuring the inscriptions. Attractive overall with a tasteful past repair visible near the knife's end.

戰國時期,齊,五字刀。 極罕。正面"即墨之法化"。有幾處呈較嚴重結殼,致銘文模糊。通體賞心悅目。有一處精細修補。

CHINA. State of Chu. "Yuan Jin" Gold Cube Money, ND (ca. 475-221 B.C.). Warring States Period. Graded "70" by Huaxia Coin Grading. History of Chinese Currency-pg. 7, #1; Hartill-5.1. Weight: 9.1 gms. A partial cube inscribed "Ying Yuan", made in what is now Hubei province. Bright with minor earthen deposits in the protected areas. A wholesome cut fragment with much of the inscription visible.

This example was cut from larger bars which allowed for the making of small denominations, in this case, a partial cube was presumably separated from a larger set. Hartill conjectures that these stamped shapes were not meant to be specific weight units, but rather to validate the larger gold block. Historically this is China's first gold currency with a fixed shape and size.

楚國爰金。戰國時代。郢爰。 History of Chinese Currency第7頁有記載,編號#1,Hartill-5.1,重量:9.1gms。刻有"郢爰",製於今湖北省。光澤艷麗,受保護區域有輕微積土痕跡。

製作時,先作有銘文的金條,再根據需要將其切成零星小塊。 據推測,此為從一塊較大金鈑分割出來的合二為一的小金塊。 此為中國貨幣史上首款形制確定的金質貨幣。

CHINA. State of Chu. "Yuan Jin" Gold Cube Money, ND (ca. 475-221 B.C.). Warring States Period. Graded "70" by Huaxia Coin Grading. 8.8 gms. History of Chinese Currency-pg. 7, #1; cf.Hartill-5.1. A partial cube inscribed with "Ying Yang", made in what is now Hubei Province. Minor earthen deposits in the crevasses lend to its originality. An attractive fragment sure to add depth to the next collection it enters.

This example was cut from larger bars which allowed for the making of small denominations, in this case, fractions of cubes were separated from a larger set. Hartill conjectures that these stamped shapes were not meant to be specific weight units, but rather to validate the larger gold block. Historically this is China's first gold currency with a fixed shape and size.

楚國爰金。戰國時代。郢爰。 重8.8克。History of Chinese Currency第7頁有記載,編號#1。刻有"郢爰",製於今湖北省。輕 微積土痕跡,原始狀態。精美誘人,定會為集藏增光溢彩。

製作時,先作有銘文的金鈑,再根據需要將其切成零星小塊。據推測,此為從一塊較大金鈑分割出來的合二為一的小金塊。此為中國貨幣史上首款形制確定的金質貨幣。

History of Chinese Currency-pg. 7, #1; Hartill-5.1. 11.1 gms. Inscribed "Ying Yuan". Made in what is now Hubei province, it was cut from larger bars which allowed for the making of small denominations. An excellent example of this early gold issue, handsomely toned with underlying brightness, possibly the result of a high-quality alloy for the time period.

楚國爰金。戰國時代。郢爰。 刻有銘文"郢爰"。製於今湖北省。製作時,先作有銘文的金鈑(金版),再根據需要將其切成零星小塊。早期金幣中品相出彩的一枚,包漿漂亮,有底光,應是當時數一數二的金屬製品。

CHINA. State of Chu. "Yuan Jin" Gold Cube Money, ND (ca. 475-221 B.C.). Warring States Period. Graded "65" by Hua Xia Coin Grading Company. History of Chinese Currency-pg. 7, #1; Hartill-5.1. 4.3 gms. Inscribed "Ying Yuan". Made in what is now Hubei province, it was cut from larger bars which allowed for the making of small denominations. A much smaller (perhaps fractional?) example of this enigmatic issue, bright with a reasonably complete stamp considering the overall size.

楚國爰金。戰國時代。郢爰。 刻有銘文"郢爰"。製於今湖北省。製作時,先作有銘文的金鈑(金版),再根據需要將其切成零星小塊。該藏品較小,有光澤,相對於總體尺寸來看,鑄印較為完整。

CHINA. State of Chu. "Yuan Jin" Gold Cube Money, ND (ca. 475-221 B.C.). Warring States Period. VERY FINE. 14.02 gms. Hartill-5.6. According to Hartill (pg. 79), the obverse inscription on this piece is 'uncertain'. Made in what is now Hubei province, it was cut from larger bars which allowed for the making of small denominations. Hartill conjectures that these stamped shapes were not meant to be specific weight units, but rather to validate the larger gold block. Historically this is China's first gold currency with a fixed shape and size. A RARE and interesting issue with a seldom encountered inscription displaying original surfaces and traces of sediment still clinging to the protected areas.

楚國爰金。戰國時代。郢爰。 根據HARTILL(第79頁),正面的銘文"有待相確"。製作於今湖北省,鑄成大塊再切割以便利較小金額的使用。Hartill 認為這些戳記的形狀並不代表固定的重量,而是驗證大的金塊。中國的第一種金幣,尺寸及形狀固定。非常罕見及有趣的一種,銘文鮮見,原始狀態,凹陷處仍見一些殘留物。

CHINA. Southern Song Dynasty. Gold Leaf Tael, ND (ca. 1127-1279). VERY FINE. 38.64 gms. 93mm x 37mm. China Numismatic Museum-220 (same inscription). RARE. "Chén èrláng tiě xiàn xiàng shífēn jīn". Complete sheet of ten leaves folded like pieces of papers. Each sheet is stamped in the corners and at the center. An incredible artifact with attractive light dusty patina in the protected areas. Crinkled surfaces as is common for objects of this type and would be expected from such thin metal nearly 800 years old. Inscriptions are clear in some parts, but mostly only portions with enough throughout to have the whole inscription. One leaf has a hole mentioned for accuracy. Otherwise a well preserved example with a nice look and lots of history.

For many decades Gold Leaf money from the Southern Song Dynasty was unknown to exist. However, in recent years a number have come onto the market confirming their existence. Examples of this type have been discovered in Hangzhou, Huzhou, Wenzhou, in Zhejiang Province each with different inscriptions.

南宋"鐵線巷陳二郎十分金"金葉一疊。重38.64克,93 x 37毫米。珍罕。陳二郎鐵線巷十分金。完整的一張黃金貨幣,如折紙般折成均等的十葉,每頁四角及中心鈐印。令人歎為觀止的藝術品,凹陷處呈現迷人塵色。由於質地薄,又有近800年的歷史,金箔表面佈滿折痕。鈐印有清晰之處,但大部分模糊。一片金葉上有一孔。保存完好,賞心悅目又歷史底蘊深厚的一枚。過去數十年中,許多人不相信南宋金葉貨幣的存在。然而近年來,金葉貨幣屢次面市,證實了其歷史真實性。類似品在浙江杭州、湖州、溫州均有出土,唯銘文不同。

CHINA. Sinkiang. Xinjiang Yuanbao Chinese Turkestan Principal Ingot. 50 Tael Local Tax Ingot, ND. VERY FINE. 1774.45 gms. BMC-Class XVI Group A #111. Face of ingot stamped twice vertically "Dao Yan" (Circuit Inspector), though only one can be read. Also stamped horizontally with Turki inscription (in Arabic letters) "Smith Ahmad at the Pasha's Office", though this is also only partly visible and the order of letters is implied from the example in BMC. Slight surface porosity hardly distracting mentioned for accuracy. Little in the way of surface marks on this ingot, with the aforementioned stamp weakness, all imbued with a frosty gray tone.

Although similar in style and manufacture to the Hubei Ersibao (Class XIII) ingots, the Sinkiang ingots are clearly a class of their own. Aside from the use of multiple languages, they are cast from a smaller mould with narrow sides which causes them to be smaller and broader at the base. In the case of this ingot, the ends are very high, longer than the solid base portion.

新疆五十兩銀錠。漢文及突厥文。 罕見。"道驗" 1774.45克。銀錠正面兩個"道驗"直戳,但僅有一個可辨認。橫戳為突厥文(阿拉伯 字母), 儘管僅部分文字可辨認,仍能看出字母排列取自BMC。表層有些輕微穿孔,但不甚明顯。通體霜灰色包漿。

此銀錠表面有少許印記及上述鑄打瑕疵。雖然與湖北二四寶的風格及製造相似,但新疆銀錠向來別具一格。除了鑄有多種語言外,通常使用較小及窄的模具。致使底部較小,兩端較高,造型獨特。此枚銀錠邊緣較高,較底部更長。

CHINA. Yunnan Sanchuo Jieding. Provincial Three Stamp Remittance Ingots. Silver 5.5 Tael Bank Ingot, ND. VERY FINE. cf.BMC-Class LXVI Group I #951. "Fu Xing Ting Ji Hui Hao Wen Yin" (Fuxingting Bank, remittance bank fine silver), "Guan Gong Gu She Kan" (inspected by official public assayer She), and with added stamp "Fu Xing" horizontally placed along top. The left side wing tip has been sheered off obscuring a good portion of the ref left characters. Minor earthen deposits amongst the devices. An interesting aspect of this issue is the fact that there are two small die cracks in the upper portion of the bank stamp which would suggest prolonged use producing many ingots. Otherwise all stamps are well impressed with clear characters and a nice medium gray tone.

Extremely Rare Trial Strike in Bronze

52122

CHINA. Bronze Mace Pattern, Year 29 (1903). Osaka Mint. NGC MS-64 Red Brown. cf. L&M-4; cf. K-930; cf. KM-Pn291; Hsu-4. This metal type not listed. Exhibiting a needle sharp strike clearly defining the most intricate crisp details and blocked off letters and calligraphy. The smooth clean fields displaying an attractive tawny-red color while hints of brunette hues grace the tops of the devices. A wholly original representative of the type with a great look destine for an advanced collection.

According to Edward Kann, this series was part of a projected currency reform based on the gold standard consisting of 1 Tael, 5 Mace, 3 Mace, 1 Mace and 5 Candareens, but never came to fruition. As the Pei Yang Arsenal was destroyed during the Boxer Rebellion (1900-01) and the new central mint at Tientsin was not in full production until 1904, the Osaka Mint was commissioned to prepare dies and samples of the new proposed coinage. These issues are know in at least three different metal types including gold, silver and bronze all of which should be considered **EXTREMELY RARE** and highly sought after.

光緒二十九年戶部光緒元寶庫平一錢銅幣樣。大阪造幣廠。 銅質幣未獲收錄。鑄打纖毫畢現,細節明晰完整,字體端麗。版底光潔,整體顏色呈現紅褐偏黃,圖文高鑄處呈現悅目棕色。未經人工擾動的純原狀態,值得躋身高端集藏。

據耿愛德著述,政府曾有意改革幣制,參考金本位,設置幣值為壹兩、伍錢、三錢、壹錢伍分。然而,北洋鑄幣廠毀於 1900-01年的義和團拳亂,而天津新中央鑄幣廠直到1904年才開鑄,該計劃終告流產。其時,大阪鑄幣廠承造新系列模具和 幣樣,已知同款幣樣由至少三種金屬鑄造:金、銀、銅,均**極盡稀貴**,受藏家追捧。

Highly Desirable Pattern Tael

CHINA. Silver Tael Pattern, CD (1906). Tientsin Mint. PCGS SPECIMEN-63 Gold Shield. L&M-16; K-934; KM-Pn300; Chang Foundation-pg.72 #30; Wenchao-85 (Four Stars). Restrike from original dies. A beautifully struck pattern with darkly reflective fields and full luster. Coin is also endowed with a rich peacock tone that adds to its character as a choice and gorgeous example of the type.

As outlined in Chang Foundation and Wenchao, these are easily identifiable as restrikes from original dies due to the apparent light die rust. A short lived issue that never made its way into full production, but would influence the eventual standard design of the 1908 Imperial issues with only slight modifications to the reverse design of the Tael. By order of Imperial decree of the 9th Moon of the 34th Year of Kuang Hsu states that the Tael coin and its subsidiaries were to prevail over the 7 Mace 2 Candareens (Dollar). Due to dissenting provinces and the Emperor dying a month after the Imperial order, this new Tael series failed to take a foothold and the limited pieces that made their way into circulation had to be withdrawn.

光緒年造戶部丙午大清銀幣"中"字樣幣壹兩。天津造幣廠製。 原模重鑄款,打鑄精美,深色版底光澤悅目,點綴孔雀藍色包漿,更彰顯獨特。據鴻禧美術館圖錄及董文超《中國歷代金銀貨幣通覽》介紹,此款幣上可見模具輕微鏽蝕的明顯痕跡,因此容易判定是以原模重鑄。它們從未正式量產,其版式卻影響了1908年發行之壹兩。據光緒三十四年九月皇帝旨意,這套壹兩至壹錢套幣將代替原有的七錢二分銀幣體系發行。但由於多個省份持反對意見,光緒帝又在頒旨一個月後即駕崩,這套銀幣僅有極少數流入市場,流通者也多被召回。

Fantastic Yuan Shih-kai Tall Hat/Dragon & Phoenix Dollar Mule

神奇的袁世凱像高帽混配龍鳳黼黻圖戲作幣

52226

CHINA. Silver — Mint Sport — Dollar, ND (After 1923). PCGS Genuine—Graffiti, Unc Details Gold Shield. K-Mint sport L; L&M-Mule 906/918 (under mint sports); WS-unlisted; Wenchao-unlisted; China Numismatic Museum-unlisted; Shanghai Museum-Mr. Shi Jiagan's collection-unlisted. An EXCEEDINGLY RARE mint sport mule struck with a Yuan Shih-kai Tall Hat Dollar (1914/16) obverse combined with a Dragon and Phoenix Pattern Dollar (1923) obverse. A truly fascinating piece missing from nearly all advanced collections of Chinese coins such as Edward Kann, Irving Goodman and Wa She Wong just to name a few. While entirely pleasant in hand, this piece received the details designation due to an old institution number "121" that is lightly scratched just to the left of the Phoenix's tail; it however is barely detectable without the aid of magnification and has long since toned over matching with the rest of the coin. Despite its shortcomings, a highly attractive survivor with flashy surfaces displaying lovely old envelope tone that combines golden, russet, blue and purple hues. The opportunity to acquire such a magnificent oddity from the Chinese series does not present itself often and as such, consideration should be taken very seriously from potential bidders. We do note a mint sport of a similar combination that we sold in our Hong Kong auction of the "Q. David Bowers Collection" Lot # 40307, which hammered for an impressive \$20,000. More frequently encountered, that issue mated the obverse die of a Yuan Shih-kai Year 3 20 Cents with a Dragon and Phoenix 20 Cents and was struck in copper. We expect to see serious competition from collectors to see who will own this mint sport trophy.

The only place we were able to locate just a mention of this type is in Edward Kann's masterpiece "Illustrated Catalog of Chinese Coins" on page 446 letter L under mint sports, it was one that he had seen, but did not own. Admittedly, Kann states that most of the mint sports are the product of government minting facilities using official dies such as the present example. Since supervision was often lax and discipline of mint employees was poor, this accounts for the illegal manufacture in the minting establishments using genuine steel dies.

袁世凱像高帽混配龍鳳黼黻圖戲作幣。混配錯版。 極其珍罕的混配戲鑄幣。一面為袁世凱高帽款壹圓(1914/16)正面,另一面為龍鳳銀幣壹圓(1923)正面。幾乎所有專家,包括耿愛德、伊文-古德曼、黃華樞的收藏系列中都沒有這枚錢幣。儘管整體外觀悅目,此枚錢幣因鳳凰尾巴左側的"121"有擦痕而被評爲details。該擦痕非常細微,非放大鏡不能察出,亦因有包漿覆蓋而不顯突兀。除此輕微瑕疵以外,品相不俗。幣面光澤亮麗,包漿呈金、棕紅、藍、紫色四色,十分動人。此枚錢幣幾乎絕跡於市,可謂是中國錢幣中的頷下之珠。此等機會千載難逢,還望藏家珍而重之。本行曾經手過一枚相似的戲鑄幣,出自昆汀-戴維-鮑爾斯收藏系列,拍品編號為#40307並於香港拍賣會上以20,000美元高價拍出。混配戲鑄幣中較常見的是銅製民國三年袁世凱貳角正面配以龍鳳貳角。此枚混配戲鑄幣定能吸引諸多藏家競奪。

此款錢幣僅在耿愛德的鉅作《中國幣圖説彙考》中的第446頁戲鑄幣字母L底下有記載,耿愛德曾見過一枚,但不曾擁有。耿愛 德曾指出,大部分戲鑄幣均由官方鑄幣厰使用正式模具鑄造,此枚亦然。由於對鑄幣厰的員工監管寬鬆,因此出現鑄幣厰使用 正規鋼製鑄模非法打造出這枚錢幣。

Rare Issue Struck to Commemorate the Death of Sun Yat-sen

稀少孫中山陵墓壹圓

52300

CHINA. Silver "Mausoleum" Dollar Pattern, Year 16 (1927). PCGS MS-63 Gold Shield. L&M-85; K-609; Wenchao-pg. 555#898 (rarity three stars); Sun-III-4-01; WS-0130. Mintage of only 480 pieces. VERY RARE and highly sought after. Only 3 examples graded higher at PCGS, all 3 in MS64. Well struck with original, gently toned surfaces. Destined to become part of an important collection of Republic issues.

Designed by Richard Placht, Austrian medalist and engraver for the Vienna mint. Although attractive and elegant in its design, the pattern was destined to be met with disapproval. While stylistically correct, the "Sun Yat-sen Mausoleum" is lacking several design elements. (Construction of the site was still under way as this pattern was being designed). Since the engraver never actually saw the site and was only supplied with drawings, elements were omitted including the mausoleum steps leading to its face. It is also noted that the engraving of Dr. Sun Yat-sen was met with disapproval from authorities in China, as it bore only partial resemblance to his actual likeness.

民國十六年孫中山像陵墓壹圓銀樣,樣幣。 發行量僅480枚。極罕,備受追捧的版別。PCGS評級中僅三枚更高分,全爲MS64。壓印清晰,表面原味柔和包漿。民國錢幣中不可或缺的一個版別,是維也納造幣廠雕刻師Richard Placht的作品。儘管設計極為精緻,但沒有被採納。中山陵的構圖正確,但細節不全。由於雕刻時在建築尚未落成,雕刻師從未看到過真實建築,僅憑設計稿進行,所以缺少一些如正面的台階等細節。此外,孫中山肖像的相似度不足,也是未採用的原因。

Sought After Italian Pattern Junk Dollar

備受追捧義大利版帆船壹圓銀樣幣

52302

CHINA. Silver Dollar Pattern, Year 18 (1929). PCGS SPECIMEN-62+ Gold Shield. L&M-92; K-614; KM-Pn97; WS-0136b; Wenchao-pg. 564#907 (rarity two stars). Italian design from the mint in Rome. An attractive blast white example with intricate details, frosty devices and flashy fields certain to attract much attention.

In 1929, the Chinese Ministry of Finance ordered a new design for the then proposed Dr. Sun Yat-sen Dollar. Patterns were submitted from five of the world's leading mints: Italy, Japan, England, United States and Austria. This represents the second of the two Italian proposals, with this type being identical to the first save for the omission of the Rome mintmark (R) and engraver's name (A. MOTTI. INC.). Attilio Motti was Chief-engraver of the Rome mint. Although Motti's initial design was rejected, the obverse design was later modified by John Sinnock, the chief engraver of Philadelphia Mint. This portrait served as the basic model for what was later used to produce the first Dr. Sun Yat-sen circulation struck Junk Dollars in 1932. It is interesting to note that some aspects of the various patterns left room for interpretation on the part of the designer, most notably the portrait, while other elements such as the denticles must have been a specific design requirement as they are nearly identical on all patterns regardless of origin. This particular piece displays all of the quality attributes a collector would associate with the Rome mint at the time.

民國十八年孫中山像背三帆壹圓銀樣幣。義大利版。 珍稀度 (☆☆)義大利設計,羅馬鑄幣廠製。通體展現誘人銀光,細節絲縷分明,霜白圖文,光澤版底,定獲藏家青眼。

1929年,中國財政部決定以孫中山肖像設計新國幣。計有世界著名的義大利、日本、英國、美國及奧地利五廠送樣比稿,此為義大利所送的兩種設計之一,另一款則加入了羅馬造幣廠廠記(R)及雕刻師之簽名(A. MOTTI. INC.),即Attilio Motti,羅馬鑄幣廠的首席雕刻師。雖然Motti的原版設計未獲採納,但本款的正面肖像後來由費城造幣廠總雕刻師辛諾克(John Sinnock)重製,使用在了1932年發行的孫像帆船三鳥銀幣上。關於五廠比稿中值得留意的一點是,不同版別中惟有肖像可凸顯設計師們的個人風格,但其他細節如細齒位幾乎每個版別都相同,應是遵循了特別準則。本拍品是獨特歷史年代羅馬鑄幣廠風格工藝的絕佳體現。

CHINA. Silver Gold Standard 1/10 Sun (10 Cents) Pattern, Year 21 (1932). Philadelphia Mint. PCGS SPECIMEN-62 Gold Shield. L&M-107; KM-Pn125; K-631a; WS-0143; Shanghai Museum-Mr. Shi Jiagan's collection-pg.131 # 611. Plain Edge. Sharply struck as would be expected being a Philadelphia mint product with every detail clearly defined displaying lovely smooth surfaces accentuated by beautiful soft gray tone throughout highlighted by iridescent hues amongst the devices. EXTREMELY RARE and highly coveted, destine for an advanced collection of the highest caliber.

The unadopted Gold Standard series gives testament to China's struggles to find a workable financial policy in decades following the 1911 Revolution and the ensuing travails during the drive towards full unification. In an effort to find this elusive solution, the Nanjing Government invited foreign economists to give a detailed report on the state of Chinese finances and offer recommendations on policy change and fiscal structure. This overview was known as the Kemmerer Report and advocated the gradual introduction of coins issued on the gold standard with the design similar to the already circulating Sun Yat-sen "Junk" Dollars with the monetary unit and its fractions known as "1 Sun, 1/2 Sun, etc". The commission brought in by the Nanking Government was headed by world renowned "Money Doctor" Professor Edwin Kemmerer. In the early 1900's Kemmerer had been appointed as the Financial Adviser to the United States Philippine Commission and as an outspoken advocate and ardent defender of the gold standard he developed the plan which placed the Philippine monetary system under it. Throughout the 1910s and '20s Kemmerer worked alternately as professor at Cornell and Princeton and as an economic adviser to several countries, predominantly in Central and South America. Eventually he became the leader of advisory commissions which allowed for much more in depth analysis and recommendation, as was done in the case of the Kemmerer Commission which was summoned to China in the autumn of 1929 and did not deliver its final report until late autumn of 1930. This report was not released to the public until May of the following year, after which the order for dies and trials were placed. The U.S. Mint at Philadelphia was contracted to produce the dies for the proposed "Sun" units which maintained the overall appearance of the concurrent "Birds Over

Junk" Dollars with modifications to the Reverse design. Prepared by the then Chief Engraver John Sinnock, the modified design moved the three geese from soaring over the junk to skimming along the water just below it. This modification may coincide with the removal of the geese altogether from the design of the regular Dollars of 1933 as according to Kann, "Because the rising sun might have been confounded with the national emblem of Japan, and the wild geese likened to oncoming Japanese warplanes". Additionally a legend was added stating, "Gold Standard Currency One Dollar" in place of the simple denomination, "One Yuan". The subsequent fractional "Suns" share these design elements with of course the appropriate changes to the denominations. Once the dies were prepared, a small trial run of pieces were struck and along with the dies were shipped to Shanghai where famed mechanical engineer Clifford Hewitt had established a new modern mint, having been under contract by the Chinese government since 1920 following the opening of the Manila Mint which he helped set up. Ultimately the project was abandoned resulting in few surviving examples of any denomination.

在辛亥革命後的數十年中,中國為建立有效的金融政策及統一貨幣制度而歷經艱辛。民國十八年秋,南京政府特聘美國教授甘末爾 (Edwin Kemmerer) 來華,囑其對當時中國的金融狀況作出詳細報告並提出政策建議。甘末爾是知名的幣制專家,人稱"貨幣博士",是堅定的金本位制擁護者。他在1900年代初擔任菲律賓財政顧問時,便將菲律賓幣值改革成金本位制。返美後,他於1910至1920年代間在康乃爾大學及普林斯頓大學任教,後又為中南美洲多國政府擔當財政顧問。甘氏組織起一個委員會,就南京政府要求,對當時中國的金融狀況作出詳細報告並提出政策建議,最終的成果報告於1930年提交,史稱《甘末爾草案》,主張政府逐步發行金本位制貨幣,貨幣形制可與已流通的孫像背帆銀幣相近,惟其幣值定為"孫",如壹孫、半孫等。接著,南京政府便訂購了新國幣的模具和樣幣,而報告內容於民國二十年才公開發表。幣值為"孫"的新幣模具由上海中央造幣廠的美籍總技師赫維特 (Clifford Hewitt) 設計,委請美國費城造幣廠總雕刻師辛諾克 (John Sinnock) 製作,背面圖案裏,空中的三鳥移到了水面下方的位置。這一設計變化或與1933年將三鳥圖案刪除的設計在時間上相差無幾,可參見Kam的說法:"日出圖案可能與日本國徽混淆,而鳥圖則形似日本轟炸機。"面值方面,"金本位制壹圓"取代了面值文字較短的"壹圓"。其他的"孫"幣設計圖案大抵相同,僅面值有所更改。新國幣模具由美國賓夕法尼亞州鑄幣廠製造,模具完成後又鑄少許樣幣,一同運至上海中央造幣廠。金本位幣制項目最終宣告流產,制下所有面值均只有極少數目留存。

Extremely Rare Reduced Size Pattern Dollar

極罕民國二十五年孫中山船洋壹圓小字版

52329

CHINA. Silver Reduced Size Dollar Pattern, Year 25 (1936). Struck in Shanghai at the Central Mint. PCGS SPECIMEN-62 Gold Shield. L&M-113; K-634; KM-Pn172; WS-0152; Wenchao-926 (rarity four stars); Shanghai Museum-Mr. Shi Jiagan's collection-pg. 135 # 623/624. A sharply struck pattern with clear crisp design features and semi-reflective fields that are slightly subdued by rich medium gray tone accentuated with iridescent hues amongst the devices. EXTREMELY RARE, highly sought after and an excellent trophy piece that seldom appears on the market. The last example we sold was in our inaugural Hong Kong auction December 3, 2010 the "Wa She Wong collection" Lot # 63 where it hammered for an impressive \$80,000 plus buyer's fee.

According to famed author and collector Edward Kann, these issues were struck on a trial or essay basis for a proposed reduced module size Dollar and 1/2 Dollar. Struck in limited quantities, the Vice-Governor of the Central Bank of China sent samples of the proposed new Dollar and 1/2 Dollar to the U.S. Treasury Attache at Shanghai to the attention of Mr. M.R. Nicholson for inspection and critique. Based on Mr. Nicholson findings, Kann speculates that these samples correspond to his 633, 634 (present type) and 635.

民國二十五年孫中山像壹圓銀樣幣。上海中央造幣廠製。 鑄打深峻,孫中山側顏細部分明,半鏡面版底,濃郁灰色包漿,人像四周環繞虹彩亮澤。極其稀罕,備受藏家追捧卻鮮有面市的版別,本行於2010年12月3日香港拍賣黃華樞專場中拍出一枚同款,拍品編號#63,含佣金合計拍出\$80,000美金,藏界矚目。

據知名作家及藏家耿愛德稱,這批鑄幣是為預備發行的壹圓及半圓所造的樣幣,數量極少。鑄出後,由中央銀行副行長寄送給駐上海的美國財政部長M.R. Nicholson先生供參考及意見反饋。耿氏通過考察Nicholson的相關史料,認為這批銀樣屬自己書中所列的633、634、635版別,本拍品版別為634。

A RARE pattern, this Gem quality example is well struck with soft luster and exhibits pleasing gray toning, and is sure to bring plenty of attention when it comes up in the auction.

Interesting to note that both Edward Kann and the Standard Catalog of World Coins (KM) list this pattern being struck in Nickle. It appears that these were struck in an unknown Nickle Alloy rather then pure Nickle. Since pure Nickle is magnetic and these patterns are not, these could not have been struck in pure Nickle.

BRITISH NORTH BORNEO. Labuk Planting Company Limited Copper 20 Cents Token, ND (ca. 1924). PCGS PROOF-65 Red Brown Gold Shield. Prid-41; LaWe-673. Struck for use on plantations within the territory which employed at least 100 laborers. The token coinage of British North Borneo was originally issued by the plantations themselves, but eventually became subject to regulation by Great Britain after widespread abuse. Beginning in 1920, plantations were required to withdraw from circulation 20 percent of the outstanding circulating token coinage by December 31st of each year, with the token coinage withdrawn in its entirety on December 31, 1924. Hence, there are few surviving examples today. A nicely struck piece with abundant mint red in the fields.

CAMBODIA. Gold Piastre Pattern Restrike, 1860. Phnom Penh Mint. Norodom I. PCGS SPECIMEN-60 Gold Shield. 28.7 gms. Fr-2; KMX-Pn11; Lec-84; D-P88l; Maz-not listed; VG-unlisted. Plain edge. A landmark offering of an EXTREMELY RARE, highly prized and historically significant type and is THE KEY to the entire Cambodian series. Exhibiting a sharp strike giving clear definition of the frosty design features. The fields are bright and flashy with light tangerine tone radiating from the devices. We do notice some light wispy hairlines and a few insignificant disturbances in the fields on the reverse within tolerance of the designated grade mentioned for accuracy. The most recent offering of this type that we are aware of was in the Hong Kong Coin Auction # 42 August 30, 2007 Lot # 756 where it was presented in a manner not befitting its importance, described simply as "MINT STATE and EXTREMELY RARE". An opportunity to acquire such a monumental numismatic treasure is not to be missed as this type seldom appears on the market and may not occur again for many years.

This type represents an attempt on Cambodia's part to issue a Trade Dollar to compete against the Mexican 8 Reales and other circulating specie. The obverse depicts the bust of King Norodom I facing left, legend around; Reverse: Royal arms of Cambodia, multi-language legend around with Chinese, French, Spanish and Khmer all indicating the intended denomination. Unfortunately, this type never saw fruition and remains a pattern and pattern restrike issue only. The restrikes can be distinguished from originals by the appearance of die rust in the fields and devices. Apparently the King liked handing out souvenirs which accounts for the number of varieties seen from the whole series such as weight variance and metal type. They would eventually make their way into commerce and then the numismatic community.

1860年柬埔寨壹圓金樣幣。後製。金邊造幣廠。光邊,極盡稀貴,廣受追捧,歷史意義深遠,亦是整個柬埔寨貨幣史中的明珠。鑄打精深,霜化圖文,正面版底光潔閃耀,淺淺橘紅光澤由圖文向外散射。背面有些許輕微髮絲刮痕和明顯瑕疵,但與評級相當。本行可考的最近交易記錄為2007年8月30日香港錢幣拍賣會第#42場的拍品#756,僅被簡要描述為"**原廠狀態**"和"極其稀罕"。難得機會,可將柬埔寨貨幣里程碑納入集藏。市面難得一見的佳品,此後多年未必再浮出水面。

東埔寨有意發行本國標準貨幣,對抗墨西哥8里亞爾本洋和其他流通外幣,此拍品便是這一嘗試的實證。正面為國王諾羅敦一世面左胸像,文字環繞;背面為柬埔寨皇家徽章,以中、法、西、高棉四種語言寫明面值。可惜的是,此幣從未發行流通,僅有樣幣,重鑄幣上可見模具鏽蝕痕跡,可與初鑄區分。存世同款有不同版別,重量及鑄造金屬均有差別,由此可推測國王喜歡製出樣幣作為紀念品贈予他人。這些樣幣兜兜轉轉,進入商業流通及錢幣收藏圈。

Obverse: Hamsa bird facing left within solid and beaded border; Reverse: Legend and date within wreath, "UVA / 1905". This piece does not appear to be a French product, but perhaps of local manufacture. A small area of filing on the edge as noted on the NGC insert, now mostly covered by the prong. Obverse: Bust of King Sisowath Monivong left within circular border, legend around; Reverse: Royal seal in relief, Khmer legend around his full regnal title "Preah Bat Samdach Preah Serei Monivarman Krom Luang Chao Chakarbangsa Sisowath Monivong Nai Preah Reacheanachak Kampuchea" (His majesty, glorious lord scholar-protector; His highness, lord of land and sea, Sisowath Monivong of the Kingdom of Kampuchea). Edge: Hallmarked (18K) and stamped "OP". Handsome quality with subtle reddish tone appearing around the obverse legends and within the reverse designs. A RARE trophy item for the collector of Cambodia that is being sold with its original the case of issue.

Sisowath Monivong like his father and uncle was more of a figurehead for the French administration rather than an independent ruler. In the 1930's Communism became popular in Cambodia with the parties intent to overthrow the French administration. The invasion and subsequent occupation by the Japanese in early 1941 led to the Kings retirement to Kampot in late 1941. He died at Bokor the same year. He was given the posthumous title "Preah Karuna Preah Sisowath Monivong Preah Khatiyakot".

西索瓦-蒙維龍和他的父親和叔叔一樣,更像是法國殖民統治下的傀儡,而不是獨立治國的君主。在1930年代,共產主義在柬埔寨流行起來,許多政黨有心推翻法國統治。1941年,日本入侵並佔領柬埔寨,西索瓦-蒙維龍國王隱退於貢布,同年在波哥去世。

CAMBODIA. King Sisowath Monivong Coronation Gold Medal, 1928. PCGS MATTE SPECIMEN-65 Gold Shield. 27 mm. Lec-141; Daniel-20d. Mintage: 100. Obverse: Bust of King Sisowath Monivong left within circular border, legend around; Reverse: Royal seal in relief, Khmer legend around of his full regnal title "Preah Bat Samdach Preah Serei Monivarman Krom Luang Chao Chakarbangsa Sisowath Monivong Nai Preah Reacheanachak Kampuchea" (His majesty, glorious lord scholar-protector; His highness, lord of land and sea, Sisowath Monivong of the Kingdom of Kampuchea). Edge (Hallmark Stamp): 18K. VERY RARE as a type and seemingly conservatively graded, with nearly flawless matte texture over the surfaces and a faint trace of complimentary reddish coloration that has nestled around the protected surfaces. Sold with the original the case of issue.

Sisowath Monivong like his father and uncle was more of a figurehead for the French administration rather than an independent ruler. In the 1930s, Communism became popular in Cambodia with the parties intent to overthrow the French administration. The invasion and subsequent occupation by the Japanese in early 1941 led to the Kings retirement to Kampot in late 1941. He died at Bokor the same year. He was give the posthumous title "Preah Karuna Preah Sisowath Monivong Preah Khatiyakot".

1928年國王西索瓦-蒙維龍加冕亞光沙面金樣章。 直徑27毫米,發行量100枚。正面為國王頭像面左,圓框環繞,背面為浮雕皇室璽印,四周環繞以高棉語寫就的國王頭銜全稱:"Preah Bat Samdach Preah Serei Monivarman Krom Luang Chao Chakarbangsa Sisowath Monivong Nai Preah Reacheanachak Kampuchea"(無上的君王,光輝閃耀的領主,睿智的守護神;至高的陛下,土地與大海的神明,柬埔寨王國的國王西索瓦-蒙維龍)。邊緣鐫刻廠記"18K"。極其罕見,評分保守,近無瑕疵的啞光表面,圖文周邊閃爍隱約紅光。含原盒。

西索瓦-蒙維龍和他的父親和叔叔一樣,更像是法國殖民統治下的傀儡,而不是獨立治國的君主。在1930年代,共產主義在柬埔寨流行起來,許多政黨有心推翻法國統治。1941年,日本入侵並佔領柬埔寨,西索瓦-蒙維龍國王隱退於貢布,同年在波哥去世。

JAPAN. 5 Sen, Year 39 (1906). Osaka Mint. PCGS MS-65 Gold Shield. KM-Y-21; JNDA-1-37. A sharply struck survivor with clear crisp frosty design features and hard mirror-like fields, the flashy surfaces are graced by a thin veneer of sepia patina giving an nice look. A lovely example of this EXTREMELY RARE date certain to see spirited bidding from even the most advanced of collectors.

According the Standard Catalog of World Coins, this date was struck, but never released into circulation. This probably means that they were either melted down at the mint or never received the order to go into full production. The Japanese Numismatic Dealers Association (JNDA) catalog merely states that Year 39 (1906) and Year 42 (1909) are known with no further information. Mintage figures are unknown for either date.

CHINA. Szechuan-Tibet. Rupee, ND (1939-42). PCGS EF-40 Gold Shield; Countermark: EF. L&M-363; WS-0766A; KM-Y-3.3 (for host type). Host coin large bust variety with collar and vertical rosette. "5" or "S" countermark to left of bust within square indent. Countermark possibly the Tibetan syllable "Ta". Countermark well applied though slightly uneven. Moderate wear consistent for the grade with light attractive tone.

Though not present on this example, this countermark type comes with and without test punch or privy mark on the reverse at six o'clock. It is the belief of this cataloger that this is more than just a coincidence and is deserving of further in depth research from the specialist.

LAOS. 5000 Kip, 1975. NGC MS-67. KM-17; D-311. Mintage: 400. Displaying the Wat Phra Kio Museum on the reverse. Proof quality, but technically a "Circulation Strike" issue, with the cameo frost on the designs displaying less depth than the full Proof variations. Also, the "925" countermark appears after the "S" in "LAOS" and before the pellet on the reverse, which we haven't seen on any other offering. In fact, this is the only "Circulation Strike" example we have seen, which suggests it is many multiples rarer than the Proof of the same design. Terms & Conditions – Showcase and Collectors Choice Auctions

1. Auction Basics. This is a public auction sale ("Auction Sale") conducted by bonded auctioneers, Stack's Bowers Galleries or Stack's Bowers and Ponterio (hereinafter referred to as "Auctioneer" and at times as "Stack's Bowers"). Bidding in this Auction Sale constitutes acceptance by you ("Bidder") of all the Terms of Sale stated herein. Bidders may include consignors who may bid and purchase lots in the Auction Sale consigned by the consignor or by other consignors pursuant to their consignment agreement with Stack's Bowers ("Consignor" or "Consignors"). A Consignor that bids on their own lots in the Auction Sale may pay a different fee than the Buyer's Premium charged to all other Buyers. Stack's Bowers reserves the right to include in any auction sale its own material as well as material from affiliated or related companies, principals, officers or employees. Stack's Bowers may have direct or indirect interests in any of the lots in the auction and may collect commissions. THE TWO PRECEDING SENTENCES SHALL BE DEEMED A PART OF THE DESCRIP-TION OF ALL LOTS CONTAINED IN THE CATALOG. Where the Consignor has repurchased a lot and the lot is either returned to the Consignor or otherwise dealt with or disposed of in accordance with the Consignor's direction, or pursuant to contractual agreement, Stack's Bowers reserves the right to so note in the prices realized or to omit a price from the prices realized. Stack's Bowers and its affiliates may bid for their own account at any auction. Stack's Bowers and its affiliates may have information about any lot that is not known publicly, and Stack's Bowers and its affiliates reserves the right to use such information, in a manner determined solely by them and for their benefit, without disclosing such information in the catalog, catalog description or at the auction. Bidder acknowledges and agrees that Stack's Bowers and its affiliates are not required to pay a Buyer's Premium, or other charges that other Bidders may be required to pay and may have access to information concerning the lots that is not otherwise available to the public. Any claimed conflict of interest or claimed competitive advantage resulting therefrom is expressly waived by all participants in the Auction Sale. Lots may carry a reserve ("Reserve"). A Reserve is a price or bid below which the Auctioneer will not sell an item or will repurchase on behalf of the Consignor or for Stack's Bowers. Reserves may be confidential and not disclosed. The Buyer is the Bidder who makes the highest bid accepted by the Auctioneer, and includes the principal of any Bidder acting as an agent.

- 2. Descriptions and Grading. Bidder acknowledges that grading of most coins and currency in this Auction has been determined by independent grading services, and those that are not may be graded by Stack's Bowers. Grading of rare coins and currency is subjective and, even though grading has a material effect on the value of the coins and currency, grading may differ among independent grading services and among numismatists. Stack's Bowers is not responsible for the grades assigned by independent grading services, and makes no warranty or representation regarding such grades. Bidder further acknowledges and agrees that grades assigned by Stack's Bowers and lot descriptions are based solely upon an examination of the coins and currency and are intended to identify coins and currency and note any perceived characteristics. However, coin grading and descriptions are subjective. Stack's Bowers does not warrant the accuracy of such grading or descriptions, nor do they in any way form the basis for any bid. All photographs in this catalog are of the actual items being sold but may not be the actual size or to scale.
- 3. The Bidding Process. The Auctioneer shall have the right to open or accept the bidding on any lot by placing a bid on behalf of the Consignor or his or her agent; a Bidder by mail, telephone, Internet or telefax; or any other participant in the Auction Sale. Bids must be for an entire lot and each lot constitutes a separate sale. All bids must be on increment as established by the Auctioneer, or half increment (a cut bid). Non-conforming bids will be rounded down to the nearest full increment and this rounded bid will be the bidder's high bid. No lot will be broken up unless otherwise permitted by the Auctioneer. Lots will be sold in their numbered sequence unless Auctioneer directs otherwise. All material shall be sold in separate lots to the highest Bidder as determined by the Auctioneer. Auctioneer shall have the right in its sole and absolute discretion to accept or decline any bid, establish bid increments, challenge any bid or bidding increment, to reduce any mail bid received, adjudicate all bidding disputes, to exclude any bidder and to determine the prevailing bid. The Auctioneer shall have the right, but not the obligation, to rescind the acceptance of any bid and place the lot(s) for Auction Sale again. Auctioneer's decision on all bidding disputes shall be binding and final. For the mail and Internet Bidder's protection, no "unlimited" or "buy" bids will be accepted. When identical bids are received for a lot, preference is given to the first bid received as determined by the Auctioneer. A mail bid will take precedence over an identical floor bid; a Floor Bidder, Telephone

Bidder and Live Internet Bidder must bid higher than the highest mail bid to be awarded any lot. Cut bids are only accepted on bids greater than \$500 and each bidder may only execute one cut bid per lot. Bids will not be accepted from persons under eighteen (18) years of age without a parent's written consent which acknowledges the Terms of Sale herein and agrees to be bound thereby on behalf of the underage Bidder. The auction sale is complete when the Auctioneer so announces by the fall of the hammer or in any other customary manner.

THIS IS NOT AN APPROVAL SALE. Bidders who physically attend the Auction sale, either personally or through an agent ("Floor Bidders") should carefully examine all lots which they are interested in purchasing. Bidders who bid by telephone, either personally or through an agent, or through our live auction software receive a similar benefit as Floor Bidders in being able to actively participate in the live Auction Sale ("Telephone Bidders" and "Live Internet Bidders"). Except as otherwise expressly provided in these Terms of Sale, NO PURCHASED ITEMS MAY BE RETURNED FOR ANY REASON. All prospective Bidders who examine the lot(s) prior to the Auction Sale personally assume all responsibility for any damage that Bidder causes to the lot(s). Stack's Bowers shall have sole discretion in determining the value of the damage caused, which shall be promptly paid by such Bidder.

Certain auctions or auction sessions, will be conducted exclusively over the Internet, and bids will be accepted only from pre-registered Bidders.

STACK'S BOWERS IS NOT RESPONSIBLE FOR ANY ERRORS IN BIDDING. All Bidders should make certain to bid on the correct lot and that the bid is the bid intended. Once the hammer has fallen and the Auctioneer has announced the Buyer, the Buyer is unconditionally bound to pay for the lot, even if the Buyer made a mistake. Stack's Bowers reserves the right to withdraw any lot at any time, even after the hammer has fallen, until the Buyer has taken physical possession of the lot. No participant in the Auction Sale shall have a right to claim any damages, including consequential damages if a lot is withdrawn, even if the withdrawal occurs after the Auction Sale.

- 4. Bidder Registration Required. All persons seeking to bid must complete and sign a registration card either at the auction or online, or otherwise qualify to bid, as determined in the sole discretion of the Auctioneer. By submitting a bid, the Bidder acknowledges that Bidder has read the Terms and Conditions of Auction Sale, the descriptions for the lot(s) on which they have bid, and that they agree to be bound by these Terms of Sale. This agreement shall be deemed to have been made and entered in California. The Bidder acknowledges that the invoice describing a lot by number incorporates the catalog and Terms of Sale. Person appearing on the OFAC list are not eligible to bid.
- 5. Buyer's Premiums. A premium of twenty percent (20%) based upon the total amount of the hammer (minimum of \$20), will be added to all purchases of individual lots, regardless of affiliation with any group or organization (the "Buyer's Premium"). A reacquisition charge may apply to Consignors pursuant to a separate agreement, which may be higher or lower than the Buyer's Premium.
- 6. Payment. Payment is due immediately upon the fall of the auctioneer's hammer. Payment is delinquent and in default if not received in full, in good funds, within fourteen (14) calendar days of the Auction Sale (the "Default Date"), without exception, time being of the essence. Unless otherwise agreed in writing prior to the Auction Sale, all auction sales are payable strictly in U.S. Dollars, Hong Kong Dollars or Chinese Renminbi. All invoices will be made in United States Dollars. If paying in Hong Kong Dollars or Chinese Renminbi, Buyer's invoices will be credited with the amount of U.S. Dollars received from Auctioneer's bank. Payments may be made by credit card, Paypal, Union Pay, check, wire transfer, money order and cashier's check. Cash transactions will be accepted in the sole discretion of Stack's Bowers, and if accepted, for any cash transaction or series of transactions exceeding \$10,000, a Treasury Form 8300 will be filed. Contact Stack's Bowers for wiring instructions before sending a wire. Bank wires sent from a foreign bank are subject to an international bank wire fee of \$35. We accept payment by Visa, MasterCard, American Express, Discover or Paypal for invoices up to \$2,500, with a maximum of \$10,000 in any 30 day period. All payments are subject to a clearing period. Checks drawn on U.S. banks will be subject to up to a 10 business day hold, and checks drawn on foreign banks will be subject to a 30 day hold. Stack's Bowers reserves the right not to release lots for which good funds have not yet been received. On any past due accounts, Stack's Bowers reserves the right, without notice, to extend credit and

impose carrying charges (as described below). Buyers agree to pay reasonable attorney's fees and cost incurred to collect past due accounts. Any invoice not paid by the Default Date will bear a five percent (5%) late fee on the invoice amount. Buyers personally and unconditionally guarantee payment in full of all amounts owed to Stack's Bowers. Any person submitting bids on behalf of a corporation or other entity, by making such bid, agrees to be personally jointly and severally liable for the payment of the purchase price and any related charges and the performance of all Buyer obligations under these Terms of Sale and Stack's Bowers reserves the right to require a written guarantee of such payments and obligations. Bidders who have not established credit with Stack's Bowers must furnish satisfactory information and credit references and/or deposit at least twenty-five percent (25%) of their total bids for that Auction Sale session(s) or such other amount as Stack's Bowers may, in its sole and absolute discretion require before any bids from such Bidder will be accepted. Deposits submitted will be applied to purchases. Any remaining deposits will be promptly refunded, upon clearance of funds.

- 7. Sales Tax. Buyers will be charged all applicable sales tax unless a valid Resale Certificate has been provided to the Auctioneer prior to the auction. Should state sales tax become applicable in the delivery state prior to delivery of the property on the invoice, the Buyer agrees to pay all applicable state sales tax as required by the delivery state as of the shipping date. In the event any applicable sales tax is not paid by Buyer that should have been paid, even if not such tax was not charged or collected by Stack's Bowers by mistake, error, negligence or gross negligence, Buyer nonetheless acknowledges responsibility to pay such sales tax and remains fully liable for and agrees to promptly pay such taxes on demand, together with any interest or penalty that may be assessed by the taxing authority and agrees to indemnify and hold Auctioneer harmless from any applicable sales tax, interest or penalties due. Lots from different Auctions may not be aggregated for sales tax purposes.
- 8. Financial Responsibility. In the event any applicable conditions of these Terms of Sale herein are not complied with by a Buyer or if the Buyer fails to make payment in full by the Default Date, Stack's Bowers reserves the right, in its sole discretion, in addition to all other remedies which it may have at law or in equity to rescind the sale of that lot or any other lot or lots sold to the defaulting Buyer, retaining all payments made by Buyer as liquidated damages, it being recognized that actual damages may be speculative or difficult to compute, and resell a portion or all of the lots held by Stack's Bowers, in a commercially reasonable manner, which may include a public or private sale, in a quantity sufficient in the opinion of Stack's Bowers to satisfy the indebtedness, plus all accrued charges, and Stack's Bowers may charge a seller's commission that is commercially reasonable. More than one such sale may take place at the option of Stack's Bowers. If Stack's Bowers resells the lots, Buyer agrees to pay for the reasonable cost of such sale, together with any incidental costs of sale, including reasonable attorney's fees and costs, cataloging and any other reasonable charges. Notice of the sale shall be by U.S.P.S. Certified Mail, Return Receipt Requested to the address utilized on the Bid Sheet, Auction Consignment and Security Agreement or other last known address by Stack's Bowers. The proceeds shall be applied first to the satisfaction of any damages occasioned by Buyer's breach, then to any other indebtedness owed to Stack's Bowers, including without limitation, commissions, handling charges, carrying charges, the expenses of both sales, seller's fees, reasonable attorneys' fees, costs, collection agency fees and costs and any other costs or expenses incurred. Buyer shall also be liable to Stack's Bowers for any deficiency if the proceeds of such sale or sales are insufficient to cover such amounts.

Buyer grants to Stack's Bowers, its affiliates and assignees, the right to offset any sums due, or found to be due to Stack's Bowers, and to make such offset from any past, current, or future consignment, or purchases that are in the possession or control of Stack's Bowers; or from any sums due to Buyer by Stack's Bowers, its affiliates and assignees. In addition, defaulting Buyers will be deemed to have granted to Stack's Bowers, its affiliates and assignees, a security interest in: (x) the purchased lots and their proceeds, and (y) such sums or other items and their proceeds, in the possession of Stack's Bowers, its affiliates or assignees, to secure all indebtedness due to Stack's Bowers and its affiliated companies, plus all accrued expenses, carrying charges, seller's fees, attorney fees, and costs, until the indebtedness is paid in full. Buyer grants Stack's Bowers the right to file a UCC-1 financing statement for such items, and to assign such interest to any affiliated or related company or any third party deemed appropriate by Stack's Bowers. If the auction invoice is not paid for in full by the Default Date, a carrying charge of one-and-one-half percent (1-1/2%) per

month may be imposed on the unpaid amount until it is paid in full. In the event this interest rate exceeds the interest permitted by law, the same shall be adjusted to the maximum rate permitted by law, and any amount paid in excess thereof shall be allocated to principal. Buyer agrees to pay all reasonable attorney's fees, court costs and other collection costs incurred by Stack's Bowers or any affiliated or related company to collect past due invoices or to interpret or enforce the terms hereof or in any action or proceeding arising out of or related to the Auction Sale. Stack's Bowers reserves the right to assign its interest to any third party. To the extent that the Buyer for any lot consists of more than one person or entity, each such person or entity is jointly and severally liable for all obligations of the Buyer, regardless of the title or capacity of such person or entity. Stack's Bowers shall have all the rights of a secured creditor under Article 9 of the California Commercial Code and all rights of the consignor to collect amounts due from the Buyer, whether at law or equity.

9. Shipping. It is the Buyer's responsibility to contact Stack's Bowers after the sale to make shipping and packaging arrangements. Due to the fragile nature of some lots, Stack's Bowers may elect not to assume responsibility for shipping or packing, or may charge additional shipping and handling. Lots indicated as being "framed" or that are specifically identified in the catalog are shipped at Buyer's risk. All taxes, postage, shipping, if applicable, handling, insurance costs, the Buyer's Premium, and any other fees required by law to be charged or collected will be added to the invoice for any lots invoiced to Buyer. All lots shipped to foreign countries will be billed an additional one-half percent (1/2%) for insurance (minimum of \$10). For any lots delivered outside the United States, the declaration value shall be the item'(s) hammer price plus its buyer's premium. Auctioneer shall not be liable for any loss caused or resulting from seizure or destruction under quarantine or customs regulation or confiscation by order of any government or public authority. Buyer shall be responsible for paying all applicable taxes, duties and customs charges for all lots delivered outside the United States. All lots will be shipped FOB Destination, freight prepaid and charged back. Title and risk of loss pass to the Buyer at the destination upon tender of delivery. Acceptance of delivery constitutes acceptance of the purchased lots. Inspection of the purchased lots is not required for acceptance. Any and all claims based upon Buyer's failure to receive a purchased lot, Buyer's receipt of a lot in damaged condition, or otherwise related to delivery, must be received in writing by Stack's Bowers no later than the earlier of thirty (30) days after payment, or the date of the Auction Sale (the "Outside Claim Date"). As Buyers may not receive notification of shipment, it is Buyer's responsibility to keep track of the Outside Claim Date and make timely notification of any such claim. The failure to make a timely claim, time being of the essence, shall constitute a waiver of any such claim. Orders paid by credit card will only be shipped to the verified address on file with the credit card merchant.

NO WARRANTY, WHETHER EXPRESSED OR IMPLIED, IS MADE WITH RESPECT TO ANY LOT EXCEPT FOR WARRANTY OF TITLE, AND IN THE CASE OF TITLE, AUCTIONEER IS SELLING ONLY THAT RIGHT OR TITLE TO THE LOT THAT THE CONSIGNOR MAY HAVE AS OF THE AUCTION SALE DATE. ALL THIRD PARTY GRADING SERVICE GUARANTEES, INCLUDING AUTHENTICITY, ARE THE SOLE RESPONSIBILITY OF THE THIRD PARTY GRADING SERVICE AND NOT WARRANTIES OR GUARANTEES OF THE AUCTIONEER.

b. In the case of non-certified coins and currency that have neither been examined by the Buyer prior to the Auction Sale, nor purchased by the Buyer or Buyer's agent at the Auction Sale, if it is determined in a review by Stack's Bowers that there is a material error in the catalog description of a non-certified coin or currency, such lot may be returned, provided written notice is received by Stack's Bowers no later than seventy-two (72) hours of delivery of the lots in question, and such lots are returned and received by Stack's Bowers, in their original, sealed containers, no later than

- e. Late remittance or removal of any item from its original container, or altering a coin constitutes just cause for revocation of all return privileges.
- f. Grading or condition of rare coins and currency may have a material effect on the value of the item(s) purchased, and the opinion of others (including independent grading services) may differ with the independent grading services opinion or interpretation of Stack's Bowers. Stack's Bowers shall not be bound by any prior, or subsequent opinion, determination or certification by any independent grading service.
- g. Questions regarding the minting of a coin as a "proof" or as a "business strike" relate to the method of manufacture and not to authenticity.
- h. All oral and written statements made by Stack's Bowers and its employees or agents (including affiliated and related companies) are statements of opinion only, and are not warranties or representations of any kind, unless stated as a specific written warranty, and no employee or agent of Stack's Bowers has authority to vary or alter these Terms and Conditions of Auction Sale. Terms & Conditions - Showcase and Collectors Choice Auctions (cont.)

- 1. 拍賣基準。本次公開拍賣會(「拍賣會」)由有擔保拍賣商 Stack's Bowers Galleries 或 Stack's Bowers and Ponterio (下文稱為 「拍賣商」及不時稱為「Stack's Bowers」) 主辦。在拍賣會上 競投即表示閣下(「競投人」)接受本文所載的所有銷售條 款。競投人可包括貨主,該等貨主可根據與 Stack's Bowers 訂 立的委託協議在拍賣會上競投及購買他們自身或其他貨主委託 的拍賣品(「貨主」)。在拍賣會競投自身拍賣品的貨主支付 的費用可能異於向其他買方收取的佣金。Stack's Bowers 保留 在任何拍賣會上加入其自身拍賣品以及聯營或相關公司、主事 人、高級職員或員工的拍賣品的權利。Stack's Bowers 可能在 拍賣會上的任何拍賣品中擁有直接或間接權益,並且可能收取 佣金。以上兩句句子應被視為目錄中載列的所有拍賣品說明中 的一部分。倘若一名貨主回購一個拍賣品,而且該拍賣品獲退 還予貨主或按照貨主的指示或根據合約協議以其他方式處理或 處置,則 Stack's Bowers 保留權利在已變現價格中如實註明或 在已變現價格中忽略一個價格。Stack's Bowers 及其聯營公司可 於任何拍賣會上出於自身利益競投。Stack's Bowers 及其聯營公 司可能持有有關任何拍賣品的不公開資料,並且 Stack's Bowers 及其聯營公司保留按自行決定的方式及出於自身利益使用該等 資料的權利,而不需要在目錄、目錄說明或拍賣會上披露該等 資料。競投人承認及同意、Stack's Bowers 和其聯營公司不需 要支付其他買方可能需支付的佣金或其他收費,並且可能獲得 有關該等拍賣品的非公開資料。拍賣會的所有參與者明示放 棄由此導致的利益衝突或競爭優勢提出索償的權利。拍賣品可 能附帶一個底價。底價是指一個保密價格或競投價,若競投價 低於底價,拍賣商將不會出售貨品,並且將代表貨主或 Stack's Bowers 回購該貨品。買方是出價最高而且獲拍賣商接受的競 投人,並且包括作為代理人的競投人主事人。
- 2. 說明及評級。競投人承認,本次拍賣會的大部分硬幣及貨幣的評級已由獨立評級服務機構釐定,而其他未獲評級的硬幣可能由 Stack's Bowers 評級。罕見硬幣及貨幣的評級帶有主觀性,雖然評級對硬幣和貨幣的價值有重要影響,但獨立評級服務機構之間及古幣收藏家之間的評級也可能互有差異。Stack's Bowers 不對獨立評級服務機構賦予硬幣的評級負責,並且不對該評級作出任何保證或陳述。競投人進一步承認並同意,Stack's Bowers 賦予硬幣的評級及拍賣品說明僅單獨基於對硬幣或貨幣的考證,並且其目的是註明任何被認知的特徵。然而,評級及說明帶有主觀性。Stack's Bowers 不保證該評級或說明的準確性。本目錄中的所有照片都是實際待拍物品的照片,但可能與實際尺寸有所差別或不符比例,Stack's Bowers 擁有該等照片的版權。
- 競投過程。拍賣商有權透過代表貨主或其代理人、或以郵 件、電話、互聯網或電傳方式競投的競投人、或拍賣會上的任 何其他參與者出價,公開或接受任何拍賣品的競投。所有競投 均必須以美元下達及執行。競投必須針對整個拍賣品,並且每 個拍賣品均構成一筆獨立的交易。未經拍賣商允許,不得將任 何拍賣品分拆。除非拍賣商另有指示,否則拍賣品將按其編號 順序進行拍賣。所有拍賣品均應作為獨立的拍賣品出售予拍賣 商裁定的出價最高的競投人。拍賣商可自行決定接受或拒絕任 何競投價,挑戰任何競投價或設置競投價遞增金額、降低已收 到的郵件競投價、裁決所有競投糾紛及裁定勝出競投。拍賣商 有權但並沒有義務撤回對任何競投的接受,並將該拍賣品再次 投入拍賣。拍賣商對所有競投糾紛的裁決具有約束力,並且是 最終決定。為保護郵件和網絡競投人,不接受「無限」或「購 買」競投。如果某個拍賣品收到相同的競投,將根據拍賣商的 決定優先考慮第一個收到的競投。郵件競投將優先於同價的實 地競投;實地競投和電話競投人的競投價必須高於最高的郵件 競投價才能獲得任何拍賣品。對於未滿十八 (18) 歲之人士,若 沒有收到其父母代表該未成年競投人承認本銷售條款且同意受

其約束的事先書面同意,將不會接受該未成年人的競投。當拍 賣商透過敲槌或其他慣用方式宣佈交易完成時,一個拍賣品之 拍賣即告完成。

這不是試用出售。不管親自還是透過代理到場參加拍賣會的競投人(「實地競投人」),均應仔細檢視自己有意購買的所有拍賣品。不管親自還是透過代理以電話方式競投的競投人,均與實地競投人一樣接受同等待遇,可以積極參加現場拍賣會(「電話競投人」)。除非本銷售條款中另有明確規定,否則任何競投人不得以任何理由退回已購買的物品。在拍賣會之前親自檢視拍賣品的所有潛在競投人需負責競投人對拍賣品造成的任何損害。Stack's Bowers 有權自行裁定所造成的損害的價值,而且該競投人應對此立即予以賠付。

Stack's Bowers 不對競投過程中出現的任何差錯負責。所有競投人應確保對正確的拍賣品進行競投,根據真實意向出價。拍賣商一旦擊槌及宣佈獲勝競投人,即使該競投人出錯,也必須無條件付款購買該拍賣品。Stack's Bowers 保留即使在落槌之後,也可隨時撤回任何拍賣品的權利,直到該買方已經實際取得該拍賣品。即使是在拍賣會之後撤回拍賣品,拍賣會的參與者也沒有權利追索任何損害賠償,包括間接損害賠償。
